

BREADS THAT ARE BOWLS

- Tomato Basil Bisque** 8.25
Made in house, this creamy tomato bisque has fresh basil and is served in a warm toasted sourdough bread bowl.
- Clam Chowder** 9.25
Hot and creamy New England style chowder with chunks of potatoes and clams served in a toasted sourdough bread bowl.
- Tipsy Truffle Mac** 12.75
Another Tipsy family recipe that takes our house made truffle cheese sauce served over cavatappi noodles all inside a warm sourdough bread bowl and topped with crumbled applewood-smoked bacon.
- Buffalo Chicken Mac** 14.50
Our creamy housemade white cheddar sauce topped with grilled buffalo chicken all served in a toasted sourdough bread bowl.
- Baked Pasta & Meatball** 13.75
We certainly think these two go together like lamb and tuna fish. Our house marinara over cavatappi pasta and one of mama's meatballs topped with melted mozzarella cheese all served in a garlic butter braised bread bowl.
- Lobstaaaah Mac Attack** 17.50
The recipe hails all the way from Sandwich, MA. We use our white cheddar cheese sauce and top it with Maine Lobstaah and light dusting of toasted parmesan panko, all served in a toasted sourdough bread bowl.
